

WE SPECIALIZE IN DIESEL ENGINE PERFORMANCE COMPUTERS FOR
CATERPILLAR - CUMMINS - DETROIT

BETTER FUEL MILEAGE & LOWER EMISSIONS

A J-BALL ELECTRONICS UPGRADING OF YOUR ECM IS ALL THE MODIFICATIONS YOUR ENGINE WILL NEED

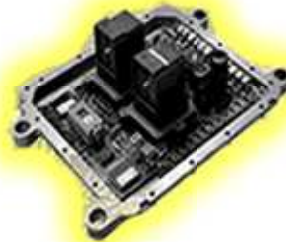

NO NEED FOR TURBO, INJECTOR, MANIFOLD, CAM, ETC MODIFICATIONS. WE HAVE NEVER HAD ANY OF OUR CLIENTS CALL US BACK AND COMPLAIN ABOUT HAVING TO BUY ADDITIONAL PARTS OR SERVICE CALLS. IF YOU DRIVE THE TRUCK AND OPERATE THE ENGINE IN A PROFESSIONAL MANNER... IE: WATCH YOUR PYROMETER AND MAINTAIN PROPER MAINTENANCE OF YOUR ENGINE, YOU SHOULD NOT EXPERIENCE ANY PROBLEMS AT ALL!

GET MORE HORSEPOWER & TORQUE

WE RECONDITION, CUSTOM SET & RECALIBRATE YOUR ECM TO A HIGHER HORSEPOWER & TORQUE RATING.

THE BONUS OF UPGRADING YOUR ECM TO A HIGHER HP + TORQUE ARE THE REPORTS WE'VE RECEIVED FROM TRUCKERS WHO HAVE HAD OUR UPGRADE TO THEIR ENGINES AND FOUND THEY HAVE EXPERIENCED GOOD FUEL SAVINGS!!!!!! ANYWHERE FROM 1/2 TO 3 MILES PER GALLON GAINED. WE HAVE ANY REFERENCES YOU REQUIRE.

J-BALL ELECTRONICS CAN TURN YOUR LOW OR NOT SO LOW HORSEPOWERED CATERPILLAR ENGINE INTO THE ENGINE YOU DESERVE, NOT WHAT THE OEM WANTS YOU TO LIVE AND WORK WITH!

BY DOING SO, YOU GET TO THE SPEED YOU REQUIRE FASTER AND YOU DON'T SPEND TIME GRABBING GEARS AND USING MORE FUEL TO GET TO THAT SPEED.

GET THE POWER YOU DESERVE!

SAVE UP TO 3 MPG IN FUEL COSTS!
